OFFICIAL PUBLICATION OF THE CANADIAN ASSOCIATION OF WOODEN MONEY COLLECTORS

VOLUME 24 ISSUE 6 JUNE 1998

EDITOR: Ross Kingdon, 69 Dorchester Dr., Bramalea, Ontario, Canada, L6T 3E5.

NEW WOOD:

CAWMC member **Bob Savoy** of 643 Beaverbrook Rd., Miramichi, New Brunswick, E1V 4R4 issued this wood when his oldest son David, was married just after Christmas last year. These woods are available from Bob at the above address. He would like a wood in trade however if not that at least a S.A.S.E.

CANADIAN NUMISMATIC ASSOCIATION CONVENTION:

There is less than two months left until this annual event which this year takes place in Edmonton, Alberta. The organizing committee of the host club, the *Edmonton Numismatic Society*, has provided information flyers, some of which have been included in this newsletter on pages four, five and six. This is always a popular, well-attended numismatic event and this year's convention will be no exception. Those attending should be making reservations as soon as possible as you will note on page four there is a room rate at the hotel which has a cutoff date of **June 26th**.

SENDING WOODS IN THE MAIL:

The' *letter to the editor* ' on page two of this newsletter speaks volumes as far as your editor is concerned. I'm sure everyone has experienced this at some time.and for that very reason, as the person responsible for sending out 'free woods' every month, I give each member the option of me holding those woods for one yearly mailing (usually December) so that they will arrive to you unbroken. Once again, if you want your monthly free woods held by me, let me know and it will be done.

LETTER TO THE EDITOR:

Dear Readers,

How lucky are you? I'm sure that you can relate to ordering "woods" by mail or corresponding with another collector to exchange or trade via Canada Post. Well, recently I did just that. I wrote to the Scarborough Coin Club for two of their new issues enclosing money and a S.A.S.E. I also commented, in the covering note, that if they were not comfortable with the mail for delivery, the woods could be passed on to one of the Southern Ontario Chapter members who would in turn see that I received them. Two weeks later I received my S.A.S.E. with what should have been two Scarborough Coin Club woods. Instead I received two completely shattered woods, the first in six pieces and the second, if you can believe it, in eleven pieces. Should Canada Post be accountable? Is their a better way?

Dave Gillespie,
Orangeville, Ont.

MY WOODEN NICKEL'S WORTH.....*by Lou Vesh*

How time flies! And how things change! The name "normal school" is what they used to call the type of school known today as "teachers' college". The one referred to on the wooden nickel shown at right, to the best of my knowledge, no longer exists. But it was a reality 50 years ago because my wife, Yvonne, *was in* the graduating class of '48. Celebrations will take place June 12, 13, and 14, in North Bay and we expect to be a part of them.

Shortly after the Sunday breakfast in North Bay, we will rush back home to take part in the 60th Anniversary celebrations of St. Anthony's Church in Haliburton. No, we weren't here 60 years ago, but the first Roman Catholic Church of St. Anthony's of Padua was established in Haliburton in 1938. A special Mass is scheduled for the afternoon of Sunday June 14th to be followed by a gala banquet at the Wigamog Inn. Hence the wooden nickel shown at left. God willing, we'll be there too!

There are extras made of both of these woods and I expect that some will be available to collectors *after* the second weekend in June/1998 when they will be officially issued, and the members of this household begin a diet program!

NEW FIND:— DAWSON CREEK - YUKON TERRITORY

CAWMC member **Robert Brown** P.O. Box 124 Highspire, Pa 17034 found this wood amongst some U.S. woods that he recently acquired. The piece is black on both sides, is dirty and was heavily taped on the back, which has resulted in him not being able to get a good photocopy of it. This is an unlisted Canadian wood and Bob is seeking any additional information regarding the wood. Can anyone out there help? If so, please write to Bob at the above address.

'98 CNA Information Newsletter

Details of the convention are being finalized, and we are pleased to offer a special Friday night's evening of entertainment on a genuine paddlewheel riverboat cruise down the North Saskatchewan River. This seldom seen view of the city will please young and old alike. The evening includes a buffet dinner catered by the Westin Hotel. The "party-goers" among us can stay on board for the midnight cruise, which is included in the package. Edmonton's main summer exposition, "Klondike Days", occurs July 16th to 25th, and you are encouraged to come early and enjoy this unique Klondike experience. We are fortunate to have during the last 2 days of the CNA convention, another convention being held in the city called "Militaria '98". This convention is being hosted by the Edmonton Chapter of the Military Collector's Club of Canada. The event is dedicated to the 80th Anniversary of the end of World War One. Both organizations are promoting each others event, as coin collectors collect medals and vice versa. As the Edmonton Numismatic Society has been hosting several coin shows over the past 2 years, we have been advertizing the fact of the CNA show at each event. Local radio and TV have been kept informed of the event and special promotions will be held to inform the public of this show. In addition, our show auctioneer Charles D. Moore, will be sending out his catalogue to his contacts around North America, which will also promote the show. To date we have 37 dealers registered plus the Royal Canadian Mint, Canadian Coin News, and our Auctioneer, Charles D. Moore. We are also negotiating with 2 other companies representing many world mints, who are interested in attending the show.
